West Street.

I. H. Hooker, carpenter and builder, of 161 Prospect street, says: "What I first stated in the winter of 1897 about Doan's Kidney Pills, sold at E. A. Drown's, was not only absolutely true, but today, in the month of May, 1902, I just as emphatically endorse the preparation as I did when it first came to my notice. I have good reason for doing so. I had consulted physicians and used every known kidney remedy which came to my notice and which my friends suggested, but still the stopping of the duil, almost constant pain, just over my kidneys, was remotely in the distance. If I sat down for a short time it made me nervous and I was compelled to get up and walk about for the slight comfort that makeshift afforded. In addition to the backache, trouble with the kidney secretions was very observable at night. When I commenced to use Doan's Kidney Pills my condition I considered serious. I knew from the direct action of the pills on the hidneys that they were going to the root. from the direct action of the pills on the kidneys that they were going to the root of the trouble and I continued the treatment, until I had used five boxes. During the time which has passed, and it is over five years, I have had occasion to appeal to Doan's Kidney Pills and I have never have continued the treatment until they stopped a decidedly acute and possibly dangerous attack. I have never payed to recommend appealed to them is vain. I have recommended them to many friends and acquaintances, who have used them with such good results that they positively state they are an excellent preparation."

Since that time I have had no reason to change my opinion and you are welcome to again use my original and grayment so that others. my original endorsement, so that others may know what to do if annoyed with a steady pain across the back like I had for two years—one that prevented me from remaining in any position for any length of time, which was always noticeable in the morning and caused me annoyance to dress myself—for which I used physicians:

of these organs was disturbed. When in the acute stage twinges were sure to catch me if I stooped, and if I attempted to lift anything even light I was always rewarded with extra agreyant duches. In the morning I have often been so lame and sore across the small of my back that I could hardly get out of bed, and although I tried remady after remedy advertised I received little if any benefit. A friend was so emphatic about dress myself—for which I used physicians treatment and a great many medicines, but never received any permanent benefit. I took his advice and commenced the treatment. They helped me after a dose or two and when I completed the treatment of two boxes, the backache never had occasion to use the preparation since."

A friend was so emphatic about the merits of Doan's Kidney Pills that I took his advice and commenced the treatment. They helped me after a dose or two and when I completed the treatment of two boxes, the backache ceased, my kidneys were thoroughly cleamed and I was in better health than I had been for many a long day."
